To Home it may concern:

Homes First is a non-profit organization that operates 16 buildings in the city of Toronto that offer supportive housing. We have been using Vital Safety Services for our life safety systems for 2yrs and are extremely pleased with the service and the quality of workmanship Vital Safety Services has done. The service received has far surpassed our expectation. Vital Safety Services also supplies electrical services, general contracting and project management from small to large jobs it has been a pleasure working with them. It is Homes First policy to collect three quotes for any work needed and Vital Safety Services submissions have been very competitive. I, as the Property Manager highly recommend them.

Please do not hesitate to call if you require more information.

Sincerely,

Justin Ryan
